

AUSTIN HOY HAS TAKEN UP ARMS FOR ENGLAND

Young Man Who Lost Mother and Sister in Sinking Of Laconia Wants Revenge

FITTED AS AMERICAN ENGINEER

(By United Press)
London, March 29.—Austin Hoy, whose mother and sister were among those lost when the American liner Laconia was sunk, forewore his allegiance to the United States today and joined the British army.

He became a member of the officer training camp with the rank of cadet and he is tactfully assured of duty in the heavy artillery service for which his training as an engineer for a western American machinery concern especially fits him.

Hoy called President Wilson soon after the Laconia was sunk unwarned by a German submarine demanding the United States to avenge the deed declaring that he would be the first American to enlist against those who had murdered his loved ones, otherwise he would join the British army. So far as is known President Wilson made no reply to the cablegram. Hoy resigned his position as London representative of an American concern.

DETERMINED TO STOP BOXING IN NEW YORK

Governor Will Refuse To Appoint Chairman of Commission in Hope To Kill Game

TOO MANY CROOKED DEALS

(By H. C. Hamilton)
(United Press Staff Correspondent)
New York, March 28.—Governor Whitman of New York is determined that before the close of this year boxing will be kicked completely out of New York. His determination he declared in recent informal discussions, is unalterable. He is opposed to the game from every angle.

The unfavorable publicity the game has received in this city, the unfavorable and unsavory bouts that have been pulled off from time to time, Fred Wenck's unfortunate experience with the hot end of that \$100 check and several other things, have soured Whitman completely.

Wenck's conduct in office was very bad and it was the straw that broke the governor's back. He announced that Wenck would be removed from office and then let it be known in an official way that no one would be asked to replace the deposed chairman of the boxing commission.

He looked bad, among them being a feat of borrowing \$400 from the manager of a fighter, no small stunt. He repaid the money but Franklin B. Lord, the governor's representative who heard the evidence in charges brought by Harry Pollok, John White and others, held that Wenck acted in disrespect to the dignity of his office in asking for the loan. As if this were not enough, Wenck permitted his office to be used more than once as headquarters for visiting managers and boxers who were to appear in New York rings. Not only did he do that, but he even recommended "a hustling young manager of a night club" to a former manager of Fred Fulton who asked regarding the stability of clubs. He also underwrote a note for \$2,500 to help this manager stage a match.

These things were bad, they nettled the governor, and he was firmly determined to end the game for all time when the evidence was all in. Nothing can stop New York. The Fawcett bill is doomed and there is little wonder. The way promoters and managers, not to speak of the boxers, have treated their liberties is enough to shame anything into being.

And in passing, it is enough to pro-

Congressman Bailey Is Supporting Bryan

Fifty Business Men of Johnstown Quickly Repudiate his Message

(By United Press)
Johnstown, Pa., March 29.—Former Congressman Warren Worth Bailey, Bryan Lieutenant and "peace at any price advocate" yesterday telegraphed the President that Johnstown and its vicinity was solidly against war on any condition with Germany.

Today a telegram signed by 50 of the prominent business men of the city was sent to the President repudiating Bailey's message and assuring the President of their support in any action he might take. Local physicians and nurses have offered their services to the government further repudiating Bailey's peace move.

SOME HOPE NOW OF SETTLEMENT OF CAR STRIKE

Letter Received By Burgess Tells Of Offer Of Seven Per Cent. Increase In Wages

OPENS ROAD TO SETTLEMENT

From surface indications it now appears that there are good hopes for a speedy solution of the difficulties which arose between the New York Central railroad company and their employees in the car repairing department on their line at Buffalo and east.

Chairman Henderson of the local committee was called to Buffalo Sunday last to attend a meeting of the committee looking after the interests of the men and is still in Buffalo on the mission which called him there.

In a letter received last evening by Burgess Callahan from F. W. Brazier, superintendent of rolling stock for the company and the man in charge of the wage dispute for the company, the statement is made that the New York Central has arranged to grant a seven per cent increase in wages to both their day and piece workers to take effect April 1st.

Upon receipt of this intelligence The Progress representative got in touch with a number of the men and endeavored to learn whether such an increase would satisfy their demands, but in the absence of Chairman Henderson no official expression could be secured. It seemed to be the general opinion of the men that such an increase would not be sufficient to meet their requirements.

When the matter was taken up with the company on February 17th, the committee representing the men demanded a flat increase of thirty per cent. in all branches of work. This was promptly refused by the company and the walkout occurred March 1st.

The action granting the seven per cent. increase mentioned above is the first indication since that time that the company felt they should grant any increase, although Mr. Brazier, while in Clearfield last week admitted that some of the men were really entitled to a raise.

It is a hopeful sign at least and Clearfield people generally will hope that when the committee and company representatives get together at Buffalo they will arrive at a settlement satisfactory and fair to all parties concerned.

C. F. PETERS CALLED TO RESPONSIBLE POST

C. F. Peters, of Mill Hall, known to many of our readers and who has been for years superintendent of the five brick plants of the Harbison-Walker Refractories Co., in the Clinton district, and who is one of the best posted men in the manufacture of fire brick in this section, has been made superintendent of all the clay mines of the company in Pennsylvania. He will have his headquarters at Clearfield and will leave for that place on April 1, to be followed later by his family.

voke a giggle to witness the fact that in getting revenge on Wenck, for refusing a license to conduct bouts in Madison Square Garden, Harry Pollok gave a perfect impersonation of the man who cut off his nose to spite his face.

CONVENTION IS ADJOURNED FOR ONE WEEK

Expect Answer From Operators By Tuesday Of Next Week When Will Re-Convene

PASS ANOTHER RESOLUTION

The Policy committee having reported yesterday there remained nothing for the United Mine Worker delegates to do but to adopt the policies recommended and decide whether they would sit tight and wait for an answer from the Operators Association as to whether the Association would enter into a policy with them in regard to the present scale. After considerable discussion and some bitter debate the convention decided to remain in session until an answer comes from the Operators.

Last night about nine o'clock Vice President O'Neill called B. M. Clark president of the Operators Association and advised him of the action of the convention. Mr. Clark replied that "So far as he personally was concerned, he would not be in favor of opening the discussion but that he could not answer for the Association until he called a meeting of the Executive committee which could not be done until next week. The convention convened this morning and an hour or so was consumed in trying to find some method of keeping the convention in session until next week but failing in this and upon the urgent appeal of Secretary Green, the convention adjourned at noon to meet again at DuBois next Tuesday at 2 p. m.

Before adjournment was taken a resolution was passed calling upon Secretary Gilbert to notify all local unions to elect delegates to the international convention at Indianapolis for 1918 who would be pledged to fight for and vote for a proposition that will enable District No. 2 to negotiate a scale agreement independent of the Central Competitive districts.

French Capture Depot Of German Munitions

German Forces Bombarded Soissons With Large Calibre Guns

(By United Press)
Paris, March 29.—Capture by advancing French forces of an important munition and material depot was announced in today's official report. The war offices said there was an intermittent artillery duel from the Somme to the Aisne during the night. The French forces coming in contact with enemy lines. German forces bombarded Soissons with big caliber guns.

NET INCOME IS LARGE

Washington, March 29.—Although the railroads of the country contend that heavy increase in operating expenses greatly reduce their profits the January estimate of the net income of the several big railroads announced today by the Interstate Commerce Commission shows a gain of seven millions over the same period last year.

PACIFIST PARADE OFF

Washington, March 29.—Washington will not have a pacifist parade on Monday as scheduled. Major Roy Pullman, superintendent of police, today refused the pacifists a permit for the demonstration. Coincidentally Pullman also refused a permit for a preparedness demonstration planned for Saturday.

Mary Elizabeth Lee Is Bride Of This Morning

United in Marriage to E. E. Ibberson Of N. Y. C. Clerical Force

Miss Mary Elizabeth Lee, daughter of the late Mrs. Mary Lee and Mr. Earnest F. Ibberson were quietly married at ten o'clock this morning at the home of the bride on Nichols street, by Rev. Dr. Henry R. Bender in the presence of the two immediate families.

Following the ceremony a wedding breakfast was served after which the couple left over the B. & P. for a wedding trip to Buffalo, Albany and New York.

The wedding was a quiet affair on account of the recent death of the bride's mother.

Mrs. Ibberson who was a graduate in the class of 1910 of the Clearfield High School and who has been employed in the office of the H. & C. Telephone company for the past few years, is one of Clearfield's most charming and popular young ladies. Mr. Ibberson, of Philipsburg, has been employed for a number of years as railroad clerk for the N. Y. C. transfer and has won a wide circle of friends here.

Mr. and Mrs. Ibberson will make their home at the bride's home on Nichols street after returning from their wedding trip.

Those from out of town who attended the wedding were Mr. and Mrs. John Ibberson and daughters Lenette, Mildred and Frances, and sons Glen and Norman, of Philipsburg, and Mr. Fred Ibberson, of Philadelphia.

DRY FEDERATION TO PROSECUTE LICENSEES

Proceed Under Encouragement Given Them By Recent Superior Court Decision

TWO DUBOIS FIRMS NAMED

The initial step towards following up the Superior court's decision declaring that all wholesale liquor licenses granted in Clearfield county in 1916 were illegal was taken by members of the Dry Federation yesterday afternoon when criminal action was brought against the Ed. Schwem & Co., wholesalers, and the DuBois Brewing company. Warrants charging them with selling liquor without a license and selling liquor to minors were sworn out by Dr. J. C. A. Bolland, of the First M. E. church, and served by County Detective Jeffery.

Before Justice D. D. Neff the defendants were held for court. The action taken in the matter concerns the local dealers only but it is possible that criminal proceedings will be brought against Frank Flynn, of Mahaffey, the other firm named in the appeal to the Superior court of the state, and which in an opinion of Judge Henderson sold liquor illegally during 1916.

When Judge Bell granted licenses to the wholesale dealers for 1916 he issued an appended opinion stating that the applicants would engage in business entirely at their own risk as the legal question was one which might result unfortunately for applicants.

ASK GERMANY TO SEND ALL AMERICANS HOME

Rome March 29.—Germany has been asked to send all Americans home according to a report here today. It is reported that American Ambassador Page has been instructed from Washington to transmit this message to Berlin through the Spanish ambassador here.

Spain Under Drastic Martial Law Today

Nation Wide Strike of Laborers Brings Action of Cabinet.

(By United Press)
London, March 29.—The Spanish cabinet had decided to suspend all constitutional guarantee according to wireless advices received here today.

The act means institution of martial law throughout Spain. The labor union headquarters has also been closed, Madrid advices say.

Spain has been menaced by a big strike of all workers during the past few weeks due to it is understood to the complaint of workers that food prices were out of all reason. Presumably the situation has become sufficiently serious for drastic measures.

BRYAN IS AGAIN ADVOCATING A PARLEY

Calls Upon Congress To Let Some International Tribunal Settle German Trouble

MORE PEACE AT ANY PRICE

(By United Press)
New York, March 29.—Wm. J. Bryan today appealed to congress not to take further action against Germany until there has been an investigation by an international tribunal into the questions now pending between the United States and Germany. He issued his appeal through the United Press from his home in Miami, Fla. Bryan admitted that there is no treaty with Germany that provides for a submission of disputes to a tribunal. Bryan addressed congress as "one who expects to live up to his duties as a citizen if war comes."

ARGENTINA WANTS PEACE WITHOUT VICTORY

By Charles P. Stewart
(United Press Staff Correspondent)
Buenos Aires, March 5.—By Mail—General Carranza's proposal that the neutral countries cut off supplies from the belligerent nations unless the latter make peace terms has many supporters in official circles here.

The officials who favor the Mexican first chief's plan say they do not believe it was dictated to him by the Germans. Even so, however, they declare they want to see peace restored and do not particularly care whether this is accomplished by pro-German, by pro-ally or by entirely neutral influence.

A large South American element objects to an out-and-out victory by either of the European groups. The view is that South America will suffer if either side should gain a complete monopoly of South American trade.

The suggestion that the United States would furnish competition in either case is held to be a distant prospect on the ground that it will take the United States some time to build up an adequate mercantile marine, if she ever does.

SEEING SUBS NEAR NEW YORK

New York, March 29.—The New York "Herald" today declared in what appeared to be authentic information that two German war submarines are lying in Long Island Sound. Apparently awaiting orders for an attack on American coast wide shipping or for a bombardment of New York. The submarine the "Herald" declared has been cited off Montauk Point. The alleged identification the story says can not have been mistaken because the submarine was lying on the beach.

Washington, March 29.—The navy department today ordered a search made on Long Island Sound following rumors to the effect that two strange submarines had been seen in that vicinity. Official reports do not mention the source of the rumor.

WOMAN'S CLUB DISCUSSES THE DRAMA

Recommend "Registering" Land Demand For Interesting, Instructive, Clean Pictures

CONSIDER VISITING DEACONESS

The Woman's Club met at the home of Mrs. J. P. O'Laughlin, Tuesday evening with a good attendance in spite of the inclement weather.

Friday the fourteenth of April has been selected for the date of a Progressive Euchar to be given by the club, the place to be announced later, and it is hoped that all who can attend will have that date open.

The club has for some years been working earnestly to further a plan for Clearfield to have a visiting deaconess. It seems probable that all organizations charitably inclined will be willing to co-operate with the women of the club in making this vision fact. It is almost unnecessary to point out the various ways in which a Deaconess would be of utmost benefit; not only would various contributions for charity be evenly distributed but the recipients might be instructed in the proper and economical way of using such charity and in much needed sanitation which latter would go far toward the prevention of diseases, making our own a healthier and therefore a wealthier town. Mrs. Philip Reed reported that \$252 had been received by the War Orphans' Relief Committee and had been forwarded to the proper authorities.

The literary program and discussions were most interesting. Miss Alice Mossop had prepared a delightful paper on "Early Dramatic Representations and Their Revival" which was witty as well as instructive. The Greeks, we are told, reached the highest development of dramatic art, and many of our present day morality plays such as "Everyman," "Everywoman," "Happiness" etc., are merely revivals of these old Greek productions. The famous farces of Shakespeare's day are presented in various guises and cloaked in modern language, a notable example being "Gammergarden's Needle" which was popular in New York last winter.

This play was a reproduction of the old play of the same name and was altered but little if any, the comedy of the situation being the lost needle with which the spouse had been mending the husband's trousers, and which was found, after much searching, by the husband, who sat down upon the needle which had been left sticking in the seat of the mended trousers. There is so much of dignity and beauty, to say nothing of comedy, in many of these old plays that looses nothing by reproduction, and the field is rich for producers and dramatists alike.

"The Drama as a Moral and Educational Asset to the Community" seemed in our personal problem to revert to the "Movies" which "like the poor we have always with us"—unless mayhap we have another fire.

The moving picture industry is yet in its infancy and if the public create a sufficient demand for interesting, instructive and clean pictures the public will get what it wants. And we are part of the public and should see that our demand is loudly "registered."

The discussion of Current Magazines closed the evening's program.

190 GRADUATE AT NAVAL ACADEMY

Annapolis, Mr., March 29.—Declaring the navy the first and chief defense of the nation, Secretary Daniels today delivered an inspiring address to 180 midshipmen, graduates of the naval school, two months ahead of the usual time. Taking Admiral Dewey as a type the secretary told the young men to "get a hero." He suggested the hero of Manila Bay as an example toward which the naval school graduates should turn their faces with President Wilson as commander in chief. The 180 graduates who received their diplomas will go to sea at once owing to the gravity of international relations.

LIKE ELECTRIC BUTTON ON TOES

Tells why a corn is so painful and
says putting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, while honestly makes them grow, just step into an drug store and ask for a quarter of an ounce of freezezone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.

ON THE SCREEN

WESTERN GIRL MARRIES A WEALTHY MINER

Overcomes Drawbacks and Finally Enters Best Society

Edith Storey proves again in "Money Magic" the Vitaphone Blue Ribbon feature, to be shown at the Gobe theatre Thursday and Friday in which she plays with Antonio Moreno and William Duncan, that she is one of the most versatile players on the beloved screen.

Her role is that of a young girl brought up on a ranch who marries a wealthy miner, also lacking in the ways of convention and society. The struggle which she suffers in her attempt to learn the "whys and wherefores" in the lives of her cultured neighbors is realistically portrayed in a humorous manner, interspersed with touches of pathos.

There is no star on the screen today who could interpret this part better than does Miss Storey. She seems to have gotten right into the spirit of her role and makes it a living one throughout.

Then as she slowly masters the thousand details for herself she is thrown into contact with her husband's people. They are far more ignorant than she ever thought of being, and eventually far upon her, but, conscious of her own shortcomings a few months previous, she makes an effort to place them at their ease, and at the same time impart to them some knowledge of etiquette.

Always famed for her exceptional versatility, Edith Storey proves in this varied role that she has been worthy of a fancy praise ever bestowed.

OSCEOLA MILLS

A terrific wind storm visited this place shortly after one o'clock on Tuesday. It struck the town on the Western side where it carried off several roofs, broke the windows and moved the residence of Charles Johnson from its foundation. After reaching the school building and Presbyterian church where considerable damage was done to the building and the pupils were blown around like tops the storm apparently blew over the central portion of town and swooped down on the Eastern section where a number of buildings were damaged.

Those who were eye witnesses of the storm states that the air seemed to be filled with limbs of trees portions of roofs, bricks, etc. It is a miracle that no one was hurt as the storm came up suddenly at the time the school children were on their way to the afternoon session.

Beginning Sunday April 1st a week of special service will be held in the Presbyterian church. Rev. O. B. Poulson of Wallaceton will assist Rev. S. T. Lewis in conducting the services. Rev. Poulson has been very successful in this line of work and at the recent session of the M. E. conference was appointed to the position of conference evangelist and will be located at Altoona.

A silver medal contest will be held in the Methodist church on Thursday evening.

The Whole Store Is Brilliant With NEW EASTER MERCHANDISE

In Every Section of the Store the Radiant Colors of the New Season help add to the Attractive Displays now on view. Every day, during the past several weeks, New Spring Goods have been arriving. Some have come by express, others by freight. A visit to the store now will prove interesting.

What Kind Of A Hat Will You Buy This Spring.

That is a very important question—probably a question more important than you have given any thought to. And especially in a season like this when so many shapes are to be used and such vivid colors are in vogue. There's one best thing to do: go to a store where the selection is broad enough to satisfy your preferences and for you to secure a shade that will be most becoming. For rest assured that every good shape and trimming idea of the season will be found in our millinery department.

THE SPRING SUIT QUESTION IS ANSWERED IN THE CHOICE STYLES SHOWN HERE

If there has been a question in your mind as to the style suit you would like to wear for spring, dispel any worrisome thought regarding it. Come to our suit section with an open mind—come with the sole thought in view of securing a fashionable well fitting garment and at a price that you want to pay. If you do this, you need have no uneasiness as to satisfaction and pleasure you are going to get out of your spring suit. We say again, the suit question is answered completely and fully in our spring showing and from every viewpoint.

Spring suits of woolen materials from \$19.75 to \$75.00

THE NEW VEILINGS

The new veilings are of extremely fine texture—and that makes them all the more desirable because a woman can wear a veil that is a wonderful help to her appearance and complexion yet does not mar her vision in any way. Even where the design is of a heavy pattern, the veils are extremely desirable for the mesh is still very fine and almost invisible to the eye.

Veilings 25c to 50c yd.
Ready-made veils 50c to \$1.50

WOMEN'S SPRING COATS \$17.50—A MUCH FAVORED MODEL—

This is a model that falls below the knees and because of this length it is much favored by most women, aside from the fact that it is smart and fashionable. The garments fit loose have a very attractive collar with new idea in pockets that seem to give an added touch of smartness and make the style unusual. Very carefully tailored showing superior workmanship throughout. Colors are gold, apple green, tan, grey, navy and black.

Other smart coats from \$9.75 to \$45.00

IF YOU ARE ONE WHO LIKE A SWEATER THEN YOU WILL BE INTERESTED IN THESE NEW SWEATERS FOR SPRING

In the group are lightweight angora sweaters in combination of colors that seem to have been designed to meet, particularly, the sports colors in vogue. They have a dash and swing to them that adds a note of smartness to a woman's attire that is simply irresistible.

And then there are silk fibre sweaters, silk jersey sweaters as well as the ever stable knitted sweater coats; but there's so much difference between the sweaters of old and those that are now in vogue there is really no comparison. If you want to see the newest and smartest of the sweater fashions; the sweater section will be the magnet to draw you to the store quickly. Prices range from \$4.95 to \$14.95

HAVE YOU WONDERED WHY WOMEN HAVE TALKED SO MUCH ABOUT OUR SHOWING OF WAISTS.

A visit to the waist section will give you all the facts and reasons. You will not need further convincing after you once see the collection. The waists on display represent the very best fashion ideas. The colors are in just the shades in demand. The trimming ideas seem to have been designed to bring out the most attractive effects. So we say again if you will visit the waist section you will not wonder why our waist department is talked about. And then please note the price tickets. Every one represents an unusual value.

SEPARATE SILK SKIRTS ARE TO BE THE SPRING SENSATION

Some will call these silk skirts gay; some will call them bold; but EVERY woman will like them. There are skirts of white satin and of a very soft quality. Others of various shades of the new mustard color. And then there are others of black taffeta, black satin and striped silks. We venture to say that every woman will own one silk separate skirt this coming season. The styles are particularly pleasing and look unusually good when worn. Prices \$5.95 to \$25.00

HAIRCUTS

A haircut is one of the few indignities that baldheaded men don't have to suffer.

It's a habit, the haircut is, among men with densely populated heads. But it is no ordinary habit. It's a habit a man has to hire another man to practise for him.

There are fashions in haircuts, as in everything else. The old fashioned haircut is a misfortune. If it wasn't for haircuts we could abolish barbers.

FUNERAL OF J. S. SCHNOLL

The funeral of J. S. Schnoll, who died in the Clearfield hospital on March 27, was held at the home of his daughter, Mrs. Frank Lippert, near Litz's Bridge on Wednesday afternoon at 1 o'clock. The deceased was born in York county, Pa., Feb. 15, 1851 and was aged 64 years 1 month and 12 days. He was a consistent member of the U. B. church for many years. He told his family he was ready to cross the great divide whenever the Lord would call him.

He leaves to mourn a son and two daughters. The services were conducted by Rev. B. J. Hummel, pastor of the U. B. church. Interment was made in Hillcrest cemetery. Oh dear father, it is sad to lose you. But the Lord's will be done. Oh dear father, we will meet in the great Beyond.

STYLES SHOCK AMELIA E. BARR

New York March 29.—Undressed women in half portion gowns shock the venerable authoress, Amelia E. Barr, she admitted on this, her 87th birthday. Mrs. Barr, who has her home at Richmond Hill, Brooklyn, is the author of more than 75 novels which for more than half a century have been perused by the novel readers of this and other countries.

Mrs. Barr believes Dame Fashion shows poorer taste and less of it today than at any time in the last 75 years. Women of today, Mrs. Barr declared, do not dress, they undress. And their clothes are ugly too, she says. In addition to that she thinks girls today go in too much for athletics and use too much slang. Slang in the mouth of a woman, she said, is a sure sign she is on the downward path. Golf and tennis are for men only, she believes.

Mrs. Barr is as alert and active as at 19.

WILLIAM F. POWELL,

AUSTIN HOY HAS TAKEN UP ARMS FOR ENGLAND

Young Man Who Lost Mother and Sister in Sinking Of Laconia Wants Revenge

FITTED AS AMERICAN ENGINEER

(By United Press)
London, March 29.—Austin Hoy, whose mother and sister were among those lost when the American liner Laconia was sunk, forewore his allegiance to the United States today and joined the British army.

He became a member of the officer training camp with the rank of cadet and he is tactfully assured of duty in the heavy artillery service for which his training as an engineer for a western American machinery concern especially fits him.

Hoy called President Wilson soon after the Laconia was sunk unwarned by a German submarine demanding the United States to avenge the deed declaring that he would be the first American to enlist against those who had murdered his loved ones, otherwise he would join the British army. So far as is known President Wilson made no reply to the cablegram. Hoy resigned his position as London representative of an American concern.

DETERMINED TO STOP BOXING IN NEW YORK

Governor Will Refuse To Appoint Chairman of Commission in Hope To Kill Game

TOO MANY CROOKED DEALS

(By H. C. Hamilton)
(United Press Staff Correspondent)
New York, March 28.—Governor Whitman of New York is determined that before the close of this year boxing will be kicked completely out of New York. His determination he declared in recent informal discussions, is unalterable. He is opposed to the game from every angle.

The unfavorable publicity the game has received in this city, the unfavorable and unsavory bouts that have been pulled off from time to time, Fred Wenck's unfortunate experience with the hot end of that \$100 check and several other things, have soured Whitman completely.

Wenck's conduct in office was very bad and it was the straw that broke the governor's back. He announced that Wenck would be removed from office and then let it be known in an official way that no one would be asked to replace the deposed chairman of the boxing commission.

It looked bad, among them being a feat of borrowing \$400 from the manager of a fighter, no small stunt. He repaid the money but Franklin B. Lord, the governor's representative who heard the evidence in charges brought by Harry Pollok, John White and others, held that Wenck acted in disrespect to the dignity of his office in asking for the loan.

As if this were not enough, Wenck permitted his office to be used more than once as headquarters for visiting managers and boxers who were to appear in New York rings. Not only did he do that, but he even recommended "a hustling young manager of a night club" to a former manager of Fred Fulton who asked regarding the stability of clubs. He also underwrote a note for \$2,500 to help this manager stage a match.

These things were bad, they nettled the governor, and he was firmly determined to end the game for all time when the evidence was all in. Nothing can stop New York. The Fawley bill is doomed and there is little wonder. The way promoters and managers, not to speak of the boxers, have treated their liberties is enough to shame anything into being.

And in passing, it is enough to pro-

Congressman Bailey Is Supporting Bryan

Fifty Business Men of Johnstown Quickly Repudiate his Message

(By United Press)
Johnstown, Pa., March 29.—Former Congressman Warren Worth Bailey, Bryan lieutenant and "peace at any price advocate" yesterday telegraphed the President that Johnstown and its vicinity was solidly against war on any condition with Germany.

Today a telegram signed by 50 of the prominent business men of the city was sent to the President repudiating Bailey's message and assuring the President of their support in any action he might take. Local physicians and nurses have offered their services to the government further repudiating Bailey's peace move.

SOME HOPE NOW OF SETTLEMENT OF CAR STRIKE

Letter Received By Burgess Tells Of Offer Of Seven Per Cent. Increase In Wages

OPENS ROAD TO SETTLEMENT

From surface indications it now appears that there are good hopes for a speedy solution of the difficulties which arose between the New York Central railroad company and their employees in the car repairing department on their line at Buffalo and east.

Chairman Henderson of the local committee was called to Buffalo Sunday last to attend a meeting of the committee looking after the interests of the men and is still in Buffalo on the mission which called him there.

In a letter received last evening by Burgess Callahan from F. W. Brazier, superintendent of rolling stock for the company and the man in charge of the wage dispute for the company, the statement is made that the New York Central has arranged to grant a seven per cent increase in wages to both their day and piece workers to take effect April 1st.

Upon receipt of this intelligence The Progress representative got in touch with a number of the men and endeavored to learn whether such an increase would satisfy their demands, but in the absence of Chairman Henderson no official expression could be secured. It seemed to be the general opinion of the men that such an increase would not be sufficient to meet their requirements.

When the matter was taken up with the company on February 17th, the committee representing the men demanded a flat increase of thirty per cent. in all branches of work. This was promptly refused by the company and the walkout occurred March 1st.

The action granting the seven per cent. increase mentioned above is the first indication since that time that the company felt they should grant any increase, although Mr. Brazier, while in Clearfield last week admitted that some of the men were really entitled to a raise.

It is a hopeful sign at least and Clearfield people generally will hope that when the committee and company representatives get together at Buffalo they will arrive at a settlement satisfactory and fair to all parties concerned.

C. F. PETERS CALLED TO RESPONSIBLE POST

C. F. Peters, of Mill Hall, known to many of our readers and who has been for years superintendent of the five brick plants of the Harbison-Walker Refractories Co., in the Clinton district, and who is one of the best posted men in the manufacture of fire brick in this section, has been made superintendent of all the clay mines of the company in Pennsylvania. He will have his headquarters at Clearfield and will leave for that place on April 1, to be followed later by his family.

voke a giggle to witness the fact that in getting revenge on Wenck, for refusing a license to conduct bouts in Madison Square Garden, Harry Pollok gave a perfect impersonation of the man who cut off his nose to spite his face.

CONVENTION IS ADJOURNED FOR ONE WEEK

Expect Answer From Operators By Tuesday Of Next Week When Will Re-Convene

PASS ANOTHER RESOLUTION

The Policy committee having reported yesterday there remained nothing for the United Mine Worker delegates to do but to adopt the policies recommended and decide whether they would sit tight and wait for an answer from the Operators Association as to whether the Association would enter into a policy with them in regard to the present scale. After considerable discussion and some bitter debate the convention decided to remain in session until an answer comes from the Operators.

Last night about nine o'clock Vice President O'Neill called B. M. Clark president of the Operators Association and advised him of the action of the convention. Mr. Clark replied that "So far as he personally was concerned, he would not be in favor of opening the discussion but that he could not answer for the Association until he called a meeting of the Executive committee which could not be done until next week. The convention convened this morning and an hour or so was consumed in trying to find some method of keeping the convention in session until next week but failing in this and upon the urgent appeal of Secretary Green, the convention adjourned at noon to meet again at DuBois next Tuesday at 2 p. m.

Before adjournment was taken a resolution was passed calling upon Secretary Gilbert to notify all local unions to elect delegates to the international convention at Indianapolis for 1918 who would be pledged to fight for and vote for a proposition that will enable District No. 2 to negotiate a scale agreement independent of the Central Competitive districts.

French Capture Depot Of German Munitions

German Forces Bombarded Soissons With Large Calibre Guns

(By United Press)
Paris, March 29.—Capture by advancing French forces of an important munition and material depot was announced in today's official report. The war offices said there was an intermittent artillery duel from the Somme to the Aisne during the night. The French forces coming in contact with enemy lines. German forces bombarded Soissons with big caliber guns.

NET INCOME IS LARGE

Washington, March 29.—Although the railroads of the country contend that heavy increase in operating expenses greatly reduce their profits the January estimate of the net income of the several big railroads announced today by the Interstate Commerce Commission shows a gain of seven millions over the same period last year.

PACIFIST PARADE OFF

Washington, March 29.—Washington will not have a pacifist parade on Monday as scheduled. Major Roy Pullman, superintendent of police, today refused the pacifists a permit for the demonstration. Coincidentally Pullman also refused a permit for a preparedness demonstration planned for Saturday.

DRY FEDERATION TO PROSECUTE LICENSEES

Proceed Under Encouragement Given Them By Recent Superior Court Decision

TWO DUBOIS FIRMS NAMED

The initial step towards following up the Superior court's decision declaring that all wholesale liquor licenses granted in Clearfield county in 1916 were illegal was taken by members of the Dry Federation yesterday afternoon when criminal action was brought against the Ed. Schwem & Co., wholesalers, and the DuBois Brewing company. Warrants charging them with selling liquor without a license and selling liquor to minors were sworn out by Dr. J. C. A. Borland, of the First M. E. church, and served by County Detective Jeffery.

Before Justice D. D. Neff the defendants were held for court. The action taken in the matter concerns the local dealers only but it is possible that criminal proceedings will be brought against Frank Flynn, of Mahaffey, the other firm named in the appeal to the Superior court of the state, and which in an opinion of Judge Henderson sold liquor illegally during 1916.

When Judge Bell granted licenses to the wholesale dealers for 1916 he issued an appended opinion stating that the applicants would engage in business entirely at their own risk as the legal question was one which might result unfortunately for applicants.

Mary Elizabeth Lee Is Bride Of This Morning

United in Marriage to E. E. Ibberson Of N. Y. C. Clerical Force

Miss Mary Elizabeth Lee, daughter of the late Mrs. Mary Lee and Mr. Earnest F. Ibberson were quietly married at ten o'clock this morning at the home of the bride on Nichols street, by Rev. Dr. Henry R. Bender in the presence of the two immediate families.

Following the ceremony a wedding breakfast was served after which the couple left over the B. & P. for a wedding trip to Buffalo, Albany and New York.

The wedding was a quiet affair on account of the recent death of the bride's mother.

Mrs. Ibberson who was a graduate in the class of 1910 of the Clearfield High School and who has been employed in the office of the H. & C. Telephone company for the past few years, is one of Clearfield's most charming and popular young ladies. Mr. Ibberson, of Philipsburg, has been employed for a number of years as railroad clerk for the N. Y. C. transfer and has won a wide circle of friends here.

Mr. and Mrs. Ibberson will make their home at the bride's home on Nichols street after returning from their wedding trip.

Those from out of town who attended the wedding were Mr. and Mrs. John Ibberson and daughters Lenette, Mildred and Frances, and sons Glen and Norman, of Philipsburg, and Mr. Fred Ibberson, of Philadelphia.

Spain Under Drastic Martial Law Today

Nation Wide Strike of Laborers Brings Action of Cabinet.

(By United Press)
London, March 29.—The Spanish cabinet had decided to suspend all constitutional guarantee according to wireless advices received here today.

The act means institution of martial law throughout Spain. The labor union headquarters has also been closed, Madrid advices say.

Spain has been menaced by a big strike of all workers during the past few weeks due to it is understood to the complaint of workers that food prices were out of all reason. Presumably the situation has become sufficiently serious for drastic measures.

BRYAN IS AGAIN ADVOCATING A PARLEY

Calls Upon Congress To Let Some International Tribunal Settle German Trouble

MORE PEACE AT ANY PRICE

(By United Press)
New York, March 29.—Wm. J. Bryan today appealed to congress not to take further action against Germany until there has been an investigation by an international tribunal into the questions now pending between the United States and Germany. He issued his appeal through the United Press from his home in Miami, Fla. Bryan admitted that there is no treaty with Germany that provides for a submission of disputes to a tribunal. Bryan addressed congress as "one who expects to live up to his duties as a citizen if war comes."

ARGENTINA WANTS PEACE WITHOUT VICTORY

By Charles P. Stewart
(United Press Staff Correspondent)
Buenos Aires, March 5.—By Mail—General Carranza's proposal that the neutral countries cut off supplies from the belligerent nations unless the latter make peace terms has many supporters in official circles here.

The officials who favor the Mexican first chief's plan say they do not believe it was dictated to him by the Germans. Even so, however, they declare they want to see peace restored and do not particularly care whether this is accomplished by pro-German, by pro-ally or by entirely neutral influence.

A large South American element objects to an out-and-out victory by either of the European groups. The view is that South America will suffer if either side should gain a complete monopoly of South American trade.

The suggestion that the United States would furnish competition in either case is held to be a distant prospect on the ground that it will take the United States some time to build up an adequate mercantile marine, if she ever does.

SEEING SUBS NEAR NEW YORK

New York, March 29.—The New York "Herald" today declared in what appeared to be authentic information that two German war submarines are lying in Long Island Sound. Apparently awaiting orders for an attack on American coast wide shipping or for a bombardment of New York. The submarine the "Herald" declared has been cited off Montauk Point. The alleged identification the story says can not have been mistaken because the submarine was lying on the beach.

Washington, March 29.—The navy department today ordered a search made on Long Island Sound following rumors to the effect that two strange submarines had been seen in that vicinity. Official reports do not mention the source of the rumor.

THINK JAP WARSHIP SUNK

WOMAN'S CLUB DISCUSSES THE DRAMA

Recommend "Registering" Land Demand For Interesting, Instructive, Clean Pictures

CONSIDER VISITING DEACONESS

The Woman's Club met at the home of Mrs. J. P. O'Laughlin, Tuesday evening with a good attendance in spite of the inclement weather.

Friday the fourteenth of April has been selected for the date of a Progressive Euchar to be given by the club, the place to be announced later, and it is hoped that all who can attend will have that date open.

The club has for some years been working earnestly to further a plan for Clearfield to have a visiting deaconess. It seems probable that all organizations charitably inclined will be willing to co-operate with the women of the club in making this vision fact. It is almost unnecessary to point out the various ways in which a Deaconess would be of utmost benefit; not only would various contributions for charity be evenly distributed but the recipients might be instructed in the proper and economical way of using such charity and in much needed sanitation which latter would go far toward the prevention of diseases, making our own a healthier and therefore a wealthier town. Mrs. Philip Reed reported that \$252 had been received by the War Orphans' Relief Committee and had been forwarded to the proper authorities.

The literary program and discussions were most interesting. Miss Alice Mossop had prepared a delightful paper on "Early Dramatic Representations and Their Revival" which was witty as well as instructive. The Greeks, we are told, reached the highest development of dramatic art, and many of our present day morality plays such as "Everyman," "Everywoman," "Happiness" etc., are merely revivals of these old Greek productions. The famous farces of Shakespeare's day are presented in various guises and cloaked in modern language, a notable example being "Gammergatten's Needle" which was popular in New York last winter.

This play was a reproduction of the old play of the same name and was altered but little if any, the comedy of the situation being the lost needle with which the spouse had been mending the husband's trousers, and which was found, after much searching, by the husband, who sat down upon the needle which had been left sticking in the seat of the mended trousers. There is so much of dignity and beauty, to say nothing of comedy, in many of these old plays that looses nothing by reproduction, and the field is rich for producers and dramatists alike.

"The Drama as a Moral and Educational Asset to the Community" seemed in our personal opinion to revert to the "Movies" which "like the poor we have always with us"—unless mayhap we have another fire.

The moving picture industry is yet in its infancy and if the public create a sufficient demand for interesting, instructive and clean pictures the public will get what it wants. And we are part of the public and should see that our demand is loudly "registered."

The discussion of Current Magazines closed the evening's program.

190 GRADUATE AT NAVAL ACADEMY

Annapolis, Md., March 29.—Declaring the navy the first and chief defense of the nation, Secretary Daniels today delivered an inspiring address to 180 midshipmen, graduates of the naval school, two months ahead of the usual time. Taking Admiral Dewey as a type the secretary told the young men to "get a hero." He suggested the hero of Manila Bay as an example toward which the naval school graduates should turn their faces with President Wilson as commander in chief. The 180 graduates who received their diplomas will go to sea at once owing to the gravity of international relations.

The grant in England was made for the storage of arms and munitions, for manufacturing and general armaments and infantry equipment. At the time the arsenal had 350 employees. The outbreak of the civil war in 1914-1915, 1916-1917, 1918-1919, and 1920-1921, interrupted the progress of the work, but the arsenal nevertheless continued to produce arms.

THE RECOGNIZED ST

Tells why a corn is so painful and
says cutting makes them grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, why merely make them grow, just step into the drug store and ask for a quarter of an ounce of freezeons. This will least very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never in flames or even irritates the surrounding skin.

WESTERN GIRL MARRIES A WEALTHY MINER

Overcomes Drawbacks and Finally Enters Best Society

Edith Storey proves again in "Money Magic" the Vitaphone Blue Ribbon feature, to be shown at the Gobe theatre Thursday and Friday in which she plays with Antonio Moreno and William Duncan, that she is one of the most versatile players on the beloved screen.

Her role is that of a young girl brought up on a ranch who marries a wealthy miner, also lacking in the ways of convention and society. The struggle which she suffers in her attempt to learn the "whys and wherefores" in the lives of her cultured neighbors is realistically portrayed in a humorous manner, interspersed with touches of pathos.

There is no star on the screen today who could interpret this part better than does Miss Storey. She seems to have gotten right into the spirit of her role and makes it a living one throughout.

Then as she slowly masters the thousand details for herself she is thrown into contact with her husband's people. They are far more ignorant than she ever thought of being, and eventually far upon her, but, conscious of her own shortcomings a few months previous, she makes an effort to place them at their ease, and at the same time impart to them some knowledge of etiquette.

Always famed for her exceptional versatility, Edith Storey proves in this varied role that she has been worthy of a fancy praise ever bestowed.

Saturday and Sunday with her parents E. A. Spencer and wife.

Quite a number from Hepburnia attended the reading in Miller's hall on Saturday night by Mr. Abbott. Those who were not there missed a rare treat.

OSCEOLA MILLS

A terrific wind storm visited this place shortly after one o'clock on Tuesday. It struck the town on the Western side where it carried off several roofs, broke the windows and moved the residence of Charles Johnson from its foundation. After reaching the school building and Presbyterian church where considerable damage was done to the building and the pupils were blown around like tops the storm apparently blew over the central portion of town and swooped down on the Eastern section where a number of buildings were damaged.

Those who were eye witnesses of the storm states that the air seemed to be filled with limbs of trees portions of roofs, bricks, etc. It is a miracle that no one was hurt as the storm came up suddenly at the time the school children were on their way to the afternoon session.

Beginning Sunday April 1st a week of special service will be held in the Presbyterian church. Rev. O. B. Poulson of Wallaceton will assist Rev. S. T. Lewis in conducting the services. Rev. Poulson has been very successful in this line of work and at the recent session of the M. E. conference was appointed to the position of conference evangelist and will be located at Altoona.

A silver medal contest will be held in the Methodist church on Thursday evening.

John Connerweight of Houtzdale, transacted business in town on Tuesday.

County Commissioner H. H. Spencer of Clearfield, was a business visitor in town on Tuesday.

The Whole Store Is Brilliant With NEW EASTER MERCHANDISE

In Every Section of the Store the Radiant Colors of the New Season help add to the Attractive Displays now on view. Every day, during the past several weeks, New Spring Goods have been arriving. Some have come by express, others by freight. A visit to the store now will prove interesting.

What Kind Of A Hat Will You Buy This Spring.

That is a very important question—probably a question more important than you have given any thought to. And especially in a season like this when so many shapes are to be used and such vivid colors are in vogue. There's one best thing to do: go to a store where the selection is broad enough to satisfy your preferences and for you to secure a shade that will be most becoming. For rest assured that every good shape and trimming idea of the season will be found in our millinery department.

THE SPRING SUIT QUESTION IS ANSWERED IN THE CHOICE STYLES SHOWN HERE

If there has been a question in your mind as to the style suit you would like to wear for spring, dispel any worrisome thought regarding it. Come to our suit section with an open mind—come with the sole thought in view of securing a fashionable well fitting garment and at a price that you want to pay. If you do this, you need have no uneasiness as to satisfaction and pleasure you are going to get out of your spring suit. We say again, the suit question is answered completely and fully in our spring showing and from every viewpoint.

Spring suits of woolen materials from \$19.75 to \$75.00

THE NEW VEILINGS

The new veilings are of extremely fine texture—and that makes them all the more desirable because a woman can wear a veil that is a wonderful help to her appearance and complexion yet does not mar her vision in any way. Even where the design is of a heavy pattern, the veils are extremely desirable for the mesh is still very fine and almost invisible to the eye.

Veilings 25c to 50c yd.
Ready-made veils 50c to \$1.50

WOMEN'S SPRING COATS \$17.50—A MUCH FAVORED MODEL—

This is a model that falls below the knees and because of this length it is much favored by most women, aside from the fact that it is smart and fashionable. The garments fit loose have a very attractive collar with new idea in pockets that seem to give an added touch of smartness and make the style unusual. Very carefully tailored showing superior workmanship throughout. Colors are gold, apple green, tan, grey, navy and black.

Other smart coats from \$9.75 to \$45.00

IF YOU ARE ONE WHO LIKE A SWEATER THEN YOU WILL BE INTERESTED IN THESE NEW SWEATERS FOR SPRING

In the group are lightweight angora sweaters in combination of colors that seem to have been designed to meet, particularly, the sports colors in vogue. They have a dash and swing to them that adds a note of smartness to a woman's attire that is simply irresistible.

And then there are silk fibre sweaters, silk jersey sweaters as well as the ever stable knitted sweater coats; but there's so much difference between the sweaters of old and those that are now in vogue there is really no comparison. If you want to see the newest and smartest of the sweater fashions; the sweater section will be the magnet to draw you to the store quickly. Prices range from \$4.95 to \$14.95

HAVE YOU WONDERED WHY WOMEN HAVE TALKED SO MUCH ABOUT OUR SHOWING OF WAISTS.

A visit to the waist section will give you all the facts and reasons. You will not need further convincing after you once see the collection. The waists on display represent the very best fashion ideas. The colors are in just the shades in demand. The trimming ideas seem to have been designed to bring out the most attractive effects. So we say again if you will visit the waist section you will not wonder why our waist department is talked about. And then please note the price tickets. Every one represents an unusual value.

SEPARATE SILK SKIRTS ARE TO BE THE SPRING SENSATION

Some will call these silk skirts gay; some will call them bold; but EVERY woman will like them. There are skirts of white satin and of a very soft quality. Others of various shades of the new mustard color. And then there are others of black taffeta, black satin and striped silks. We venture to say that every woman will own one silk separate skirt this coming season. The styles are particularly pleasing and look unusually good when worn. Prices \$5.95 to \$25.00

HAIRCUTS

A haircut is one of the few indignities that baldheaded men don't have to suffer.

It's a habit, the haircut is, among men with densely populated heads. But it is no ordinary habit. It's a habit a man has to hire another man to practise for him.

There are fashions in haircuts, as in everything else. The old fashioned haircut is a misfortune. If it wasn't for haircuts we could abolish barbers.

FUNERAL OF J. S. SCHNOLL

The funeral of J. S. Schnoll, who died in the Clearfield hospital on March 27, was held at the home of his daughter, Mrs. Frank Lippert, near Litz, Bridge on Wednesday afternoon at 1 o'clock. The deceased was born in York county, Pa., Feb. 15, 1851 and was aged 64 years 1 month and 12 days. He was a consistent member of the U. B. church for many years. He told his family he was ready to cross the great divide whenever the Lord would call him.

He leaves to mourn a son and two daughters. The services were conducted by Rev. B. J. Hummel, pastor of the U. B. church. Interment was made in Hillcrest cemetery. Oh dear father, it is sad to lose you. But the Lord's will be done. Oh dear father, we will meet in the great Beyond.

STYLES SHOCK AMELIA E. BARR

New York March 29.—Undressed women in half portion gowns shock the venerable authoress, Amelia E. Barr, she admitted on this, her 87th birthday. Mrs. Barr, who has her home at Richmond Hill, Brooklyn, is the author of more than 75 novels which for more than half a century have been perused by the novel readers of this and other countries.

Mrs. Barr believes Dame Fashion shows poorer taste and less of it today than at any time in the last 75 years. Women of today, Mrs. Barr declared, do not dress, they undress. And their clothes are ugly too, she says. In addition to that she thinks girls today go in too much for athletics and use too much slang. Slang in the mouth of a woman, she said, is a sure sign she is on the downward path. Golf and tennis are for men only, she believes.

Mrs. Barr is as alert and active as at 19.
